The project is possible due to funding from the US based Horner Foundation for Special Olympics so we are particularly targeting young people with learning disabilities. Also, funding from Living Sport Satellite Clubs so we are also hoping to reach inactive 14 to 19 year olds with disabilities. The latter group will be asked to complete a brief questionnaire on first arrival.

We are registered with both Special Olympics and Inclusive Skating so those who wish to compete can do so.

We have made 7 bookings to begin with in line with Planet Ice's bookings policy, we will review this in August subject to numbers attending.
